She Moves Ghostly

Glenn Hughes

We live forever now I want to know who you are
I thought you'd never come back so soon from afar
You are my savior gone is the scratch from my wound
How long does it take ya to materialize in my room?I am so sorry, why do you take so long?
I'm in no hurry, I cannot see and I'm ready to breakShe moves ghostly, oh so slowly
She moves ghostly, ghostlyEternal lover I have a burning desire
There is no other, I'm standing too close to your fire
The dawn is breaking, your presence I feel in this place
You know I believe, so why won't you show me your faceI am so sorry, why do you take so long?
I'm in no hurry, I cannot see and I'm ready to breakShe moves ghostly, oh so slowly
She moves ghostly, ghostlyShe moves ghostly, oh so slowly
She moves ghostly, ghostlyShe moves ghostly, oh so slowly
She moves ghostly, ghostlyI'm really ready to break
