Hurts

Electric Lady Lab

Oooh oh oooh
We gotta stop this lie,
Say what's on your mind
I know you got something inside of you
Baby, I'm not blind
So don't waste my time and breath in, breath out
I deserve the truth!!

Just say the word
I know it hurts
And your heart beats fast
We say it is forever,
This here ain't forever
Say the word
I know it hurts
'Cause my heart beats fast
You had me forever
But I think you'd better
Say the word!!
Oooh oh oooh
Oooh oh oooh I know it hurts hurts
Baby, hurts hurts
Just say the word!
Oooh oh oooh
I know it hurts
Oh baby it hurts

If we had all miss, it's just the way it is
Take it leave it
That's all you got to do -
But I really feel this time
You need to draw the line
Wake up, we got nothing else to prove

Say the word,
I know it hurts
And your heart beats fast
We say it is forever,
This here ain't forever

Say the word
I know it hurts

'Cause my heart beats fast
You had me forever,
But I think you'd better
Tell me even it hurts
Even if you're losing me
Even if it burns, set my heart on my fire
Even if you're hurts
Even if you're losing me
Even if it burns, set my heart on my fire!!

Just say the wooord
I know it hurts, it hurts
You had me forever!!
But this here ain't forever
Say the word, I know it hurts
And your heart beats fast
We say it is forever,
But I think you'd better
Say the word
I know it hurts it hurts
Oh oh oh
I know it hurt
Oh, baby it hurts!
