One Last Time

Before You Exit

Woke up on a Sunday mornin'
Looked out the sky was pourin'
Days come and go away
One last shot I pray

One last time or forever,
one last time or forever
One last time or forever hold your peace
Take a chance with me

My life's forever changing,
my paths are rearranging
So sick of life without you
Can you see how much you mean to me?
You're my everything!

One last time or forever,
one last time or forever
One last time or forever hold your peace
Take a chance with me

I've seen your worst,
and I've seen your best
I've been there for you,
I've been put to the test
One last shot (One last time)

I'll be struck down by lightening
and I'll fall from the sky
Just to get you back,
to look in your eyes
One last chance (One last time)

One last time or forever,
one last time or forever
One last time or forever hold your peace
Take a chance with me

One last time or forever,
one last time or forever

One last time or forever hold your peace
Take a chance with me

One last time or forever(one last time),
one last time or forever (one last time)
One last time or forever hold your peace
Take a chance with me
