No Regrets

The Real Danger

Killa Beez control the set
Shaolin Island, where you at?
Medina
East Coast just hold your set
West Coast just hold your set
Dirty South just hold your set
Mid West just hold your set
East Coast just hold your set
West Coast just hold your set
Dirty South just hold your set
Mid West just hold your set
Nano nano, my fammo pop more love than Soprano
Carry ammo like Rambo, blow like Tony Montano
Timberlands with no sandals, started off like black Sambo
Talkin? ham bone, ham bone
Haven?t you heard that we switched the channel?
On the neck is gray flannel
Gucci cheese wit the camouflage
H
