

# Living Like A Cry

## Frank Duval

Living like a cry  
living just to dieLiving - what does it mean? - Living.  
Never caring what they say  
what they think about my way.  
Never asking what will be tomorrow or another day.  
Living like a cry  
living just to die.  
Living like a cry  
living just to die

...

Living  
that can be a smile  
carrying me just for a while.  
A hand to hold me  
a dream to guide me.  
Living like a cry  
living just to die  
living means rising.  
Living like a cry  
living just to die.  
Living like a cry  
living just to die

...

Living  
that can be a smile  
carrying me just for a while. . . .
