Master Of None

Fireball Ministry

Summon evil to the masses
Open season on the weak
Call it out before it passes
Shut it down before it speaksRise
To the bottom
Time
To be true
Fall
When it's floating
Punish
Now it's dueFound it's way to the surface
After only
Came completely undone
Fell below the resurgence
Only to be
Crowned the master of noneSimple minded, open-ended
Honest envy, broke and mendedRise
To the bottom
Time
To be true
Fall
When it's floating
Punish
Now it's dueFound it's way to the surface
After only
Came completely undone
Fell below the resurgence
Only to be
Crowned the master of none
