be jumping loud and clearly.
get ready to move, here come the boom its vicky.
im on the stage just doing my thing,
bringing the heat if you know what i mean,
know what i mean, know, know what i mean,
bringing the beat if you know what i mean.
Chorus:
what time is is ladies, its time to rock, its time to rock, its time to rock.
what time is is fellows, its time to jam, its time to jam,
its time to jam.
