

# Monkey Bars

## Coney Hatch

We are playing in the monkey bars  
Sittin' by the streets just countin' the cars  
We are running from place to place  
We're running around, like we're in a rat race

Monkey bars, swingin' stars  
Countin' the cars, by the monkey bars

We've got a job in the Amazon  
Everyone's a jungle, out to con  
We drive for miles and see lots of trees  
We get home in time to pay our managers fees

Monkey bars, swingin' stars  
Countin' the cars, by the monkey bars

Eatin's easy when you're chimps like us  
Banana splits are a definite plus  
Things'll be better when we climb our way out  
Our hands may slip, but not cause of doubt

Monkey bars, swingin' stars  
Countin' the cars, by the monkey bars

Monkey bars, swingin' stars  
Settin' up those pars by the monkey bars
