

Lookin' Out for #1

Twisted Sister

They always told me I must try to be like everyone in the nation
Go with the flow, remember me is we, there must be no deviation
Well, now I think that I'll go my own way, I've got my own point of view
I just don't care what other people say, I do what I want to do
You know that I'm ready, I'm ready to rock
You know that I'm ready, I'm ready to rock
Gonna rock I'm lookin' out for number one (number one)
I'm lookin' out for number one (number one)
I'm lookin' out for number one (number one)
I'm lookin' out for number one (number one) The time has come for you to make a stand, you've got to do
things your own way
Forget about the style, forget the brand, 'cause every dog has his own day
It doesn't matter what the others think, what counts is do you like you
You think you're drownin' but you'll never sink, just do what you want to do
You better get ready, get ready to rock
You better get ready, get ready to rock
Gotta rock You know that we're ready, we're ready to rock
You know that we're ready, we're ready to rock
Gotta rock
