In the Capricorn's Cradle

Catamenia

Oh, the divine ones
lo thy eyes on these flames
for eleven more times
I will spurn the light, I will burn herein this night.And seeth the rise of a-man
the rise of the beast
and the fall of the light[Chorus]
Aah...the night, embracing me thou winds by my side.
Aah...the night, feeling the night in the god`s throne...
a-night!And the deeds done, one-three
here, god-forsaken, I forever bleedAnd seeth the seed of the night
the one, bleeding
forever spurning the lightOh, the heavenly ones
lo thy eyes on me
for eleven more times
I will be roaming this forever nightSeeth the fall of a-man
the fall of man-beast
the rise of the chaoschrist[Chorus]
Aah...the night...
