

# Subhana Allah (feat. Mesut Kurtis)

**Maher Zain**

[Maher Zain:]

As I traveled through the earth  
I cant help but notice  
The symphony I hear all around  
from the smallest grain of sand  
to the faraway planets  
to a flower put in roots in the ground  
Every bird in the sky  
Every rock and every raindrop  
Says as it falls from the clouds  
every ant, every plant  
every breeze and all the seas  
They all sing  
[Mesut Kurtis:]
