Solitude

Candlemass

I'm sitting here alone in darkness
Waiting to be free
Lonely and forlorn I am cryingI long for my time to come
Death means just life
Please let me die in solitudeHate is my only friend
Pain is my father
Torment is delight to meDeath is my sanctuary
I seek it with pleasure
Please let me die in solitudeReceive my sacrifice
My lifeblood is exhausted
No one gave love and understandingHear these words
Vilifiers and pretenders
Please let me die in solitude, yeahEarth to earth
Ashes to ashes
And dust to dustEarth to earth
Ashes to ashes
And dust to dustSitting here alone in darkness
Waiting to be free
Lonely and forlorn I am cryingI long for my time to come
Death means just life
Please let me die in solitude, yeahEarth to earth
Ashes to ashes
And dust to dustEarth to earth
Ashes to ashes
And dust to dustEarth to earth
Ashes to ashes
And dust to dustEarth to earth
Ashes to ashes
And dust to dust
And please let me die in solitude
