

# I Don't Know

## Uncle Kracker

I'm nothing fancy  
I'm nothing special that's true  
But I know what you're thinkin'  
'Cuz I'm thinkin' that same thing too Now you'd like everything to go your way  
And I should probably say  
Everything you'd like me to say  
But that's not me and baby that just wouldn't be you You better watch how long you wait  
'Cuz baby you might wait too long I don't know if I could make you happy  
And I don't know if I could make you cry  
I don't know if the clock stops at midnight  
I can't see past forever, but together we can fly, together we can fly Now let's pretend for a while  
That we've got no place to be  
You've been broken before but baby that wasn't me  
Now I'm not trying to ask you to come To that same old place  
That you've been runnin' from  
We've been down that road  
You know there's nothing to see You better watch how long you wait  
'Cuz baby you might wait too long I don't know if I could make you happy  
And I don't know if I could make you cry  
I don't know if the clock stops at midnight  
I can't see past forever, but together we can fly, together we can fly Baby there's no use in waiting  
I can see that your hopes are fading  
They tell me time is precious baby  
Why do you keep wastin' mine? I don't know if I could make you happy  
And I don't know if I could make you cry  
I don't know if the clock stops at midnight  
I can't see past forever, but together we could fly, together we could fly I don't know if I could make you happy  
And I don't know if I could make you cry  
And I don't know if the clock stops at midnight  
I can't see past forever, but together we could fly, together we could fly Together we could fly, together we  
could fly
