

Pioneers

EPMD

And you don't quit
Yeah, pioneers one time
(One time, two times)
Yeah, Erick Sermon boy
Yeah, we rap, where you at?
(Mic check)
Check this out Ayyo, who wanna step up and get their cranium cracked
From my man, Louis, from the Ville, Slugger baseball bat
Cock back gats 'cause rugged apparel's where it's at
So stand back, we flash a nine before the jack And squeeze triggers blazin' at one-hit wonder niggaz
Like Smoothe Da Hustler
I still sneak over and fuck your babysitter
No quitter, microphone's my transmitter
Which clocks figures in return, the track's the 'Gold Digger' Huh me? I buy ice for no one
Rap shogun, so I bought myself a gun
Yeah Dunn, ain't the one to be steppin' to son
I agree with Slick Rick, you cats is crumbs My squad gets Dumb and Jim Carrey you ought the buildin'
Messin' around with God's children
I take action, like film crews
You against me, face to face, you'll lose Here comes two big pioneers, Rolex watches
Cars by the pairs, in stock we got shares
That's right
Legendary, hardcore b-boy is the pedigree Here comes two big pioneers, Rolex watches
Cars by the pairs, in stock we got shares
That's right
Legendary, hardcore b-boy is the pedigree P and I don't stop, we don't quit, who's seein' 'em?
On tracks, we Ruff Ryde like D and them
Then case the joint, like an agent, that's secret
Cats hate, so we on point frequent E keep it decent, had to smack a dude recent
Right down the block from the precinct
See you a punk that talk too lenient
When I speak to a motherfucker, I mean it So open Sesame and let down the main gate
But before you scream EPMD, you should wait
'Cause we roll with a posse from Strong Long to Canarsie
QBC, Boogie Down Bronx, back to Marcy Pass that kiko, I drop a verse that sound slick yo
And your chick know, P's hungry, like the hippos
Suck on no nipples but duck cats, quick to stick you
Like a pin-up, workin' out and doin' chin-ups Here comes two big pioneers, Rolex watches
Cars by the pairs, in stock we got shares

That's right
Legendary, hardcore b-boy is the pedigreeHuh, aiyyo my style flows, say it liquidates
It's best when it hits the beat and catch the breaks
Two time felon, fuck around with me
And my man pussycat and catch two to the melonThen I be like, "Yep yep," just like Teddy, 'Raw' like Eddie
Sweaty, when I hold shit down and bake like Betty
And when I want things to move, I blink like 'Bewitched'
To handle shit in the dark, red lights, with the laser hitHere comes two big pioneers, Rolex watches
Cars by the pairs, in stock we got shares
That's right
Legendary, hardcore b-boy is the pedigree
