## Queens of the Stone Age

Everyone it seems  
Has somewhere to go  
And the faster the world spins  
The shorter the lights will glow  
And I'm swimming in the night  
Chasing down the moon  
The deeper in the water  
The more I long for you Most of what you see my dear is purely for show  
Because not everything that goes around, comes back around you know  
Holding on too long is just a fear of letting go  
Because not everything that goes around, comes back around you know  
One thing that is clear it's all down hill from here My love in your hand cleverly disguised  
All the promises of stone, crumble in the light Most of what you see my dear  
Is worth letting go  
Because not everything that goes around, comes back around you know  
Holding on too long is just  
A fear of want to show  
Because not everything that goes around, comes back around you know  
Not everything that goes around, comes back around you know  
One thing that is clear  
It's all down hill from here
