

Song of the Whales

Bleu MCauley & Joshua Kaufman

This is not the entire song

C'mon and ride, with the tide
I will be right here by your side

We can be free, like the sea
'Cause we have nothing left to hide

Chorus:

We will run, like water
From the river to the sea
I will be, the author, of our destiny
You and me

Chorus II:

We will fly, like falcons
From the mountain to the trees
I will be, your stallion, baby think of me
You and me
