

# Ballad Of Hollywood Jack And The Rage Kage

## Tenacious D

This is the ballad of Hollywood Jack aExplainnd the Rage Kage  
Nothin' could stop him when Jables and Kage hit the stage  
And Hollywood Jack hit the big time and went to make movies  
Rage Kage was left far behind in the dust of his dreams  
And he grumbled and growled and watched Hollywood Jack on Jay Leno  
He bellowed and said he'd be nothing without help from Kage  
He burned up the photos of Jables and Kage doin' mushrooms  
Fuck him! I don't need no Hollywood Jack, anyway  
So Hollywood Jack lived up high on a hill in a bubble  
And Rage Kage lived deep in the broiling valley below  
Yes the Rage Kage bubbled with rage  
He looked at the ground and he looked on the stage  
The lava was flowin' and broilin' inside the old Kage  
As Hollywood Jack climbed the ladder of stardom before him  
He watched as his indie credentials flew right out the door  
He'd make millions and then he'd go out and make even more millions  
He'd screen KG's calls and snort coke off the ass of a whore  
No one respected him, they just rejected him  
No one would represent Kage  
Left on the streets of his dreams he would cry  
And he'd rage, for the stage  
Then Hollywood Jack got a message that Kage was in trouble  
They sent Kage away cause he had gone completely insane  
So Hollywood Jack jumped upon a jet plane  
  
And flew all that night through the rain  
To be with his friend, to see what remained of his brain  
Then Jack told the doctors, "You've got to retrieve him  
You've got the technology, use the techniques of your trade"  
He grabbed ? and he screamed, "By God, you must save him!  
Because Rage Kage and I, can't you see that we're one in the same?"  
Rage Kage  
Rage Kage  
There be magic inside that old name  
And you know  
That you know  
When you're going completely insane  
Ah, the Rage Kage  
Ah, the Rage Kage

Oh, the lion will roar once again  
And you know  
Yes you know  
When you're going completely insane  
Nothing and no one could harm the old Rage Kage again  
Nothing and no one could harm the old Rage Kage again  
Nothing and no one could harm the old Rage Kage again  
Nothing and no one could harm the old Rage Kage again  
Nothing and no one could harm the old Rage Kage again  
Hollywood Jack and Rage Kage will ride once again
