

Simple Things

Montgomery Gentry

She was standin' on a flatbed
Wavin' at the lawn chairs
Fourth of July parade
There were tootsie rolls flyin'
Old vets cryin'
Everybody had a flag to waveHey hey hey! Hey hey hey!
Back to the simple thingsWell, it's been such a long time
Gonna dig around and try to find
That lonely fishin' pole
Yeah, I ain't gotta catch a thing
Just drift off on a shady bank
And listen to the river rollHey hey hey! Hey hey hey!
Back to the simple...
Back to the simple thingsBack to the there ain't no rush
Back to the nothin' much
Back to the back and forth front porch swing
Back to the back yards
Back to a million stars
Back when it used to be...
Simple thingsSometimes I wanna take this phone
Find a bridge to slow down on and
Give that thing a whirl
Yeah, take a dirt road, take your hand
For a while just be the man who's
All about you girlHey! Hey hey hey! Hey hey hey!
Back when it used to be
Girl just you and me
Back to the simple thingsSimple things...
Back to the simple things
