Unconditional (Mad Love)

Karen Clark Sheard

Unconditionally, mad loveI can't get you off my mind
Those ever present thoughts reside
Here in my heart, of you I gotta make a motion
You tickle my emotions
And fall in love over and over againI can't stop my face from glowin'
Because I have the faith in knowin'
That you'll be there inspite of all commotion
So dear your devotions
Keep my heart like a light in flamesI like him, he's good to me
I love him unconditionally, mad love
I like him 'coz he's good to me
I love him unconditionally, mad loveUnconditionally, mad loveEarthquakes come when you touch me
Showers come when you bless me
It's like a sunny day when you smile on me
A hurricane when your word is sent from above
What I've been dreamin' of andAin't nothin' gonna stop my love
My knowledge tells me if I please
You will never leave
Don't take your arms from around meAnd if I didn't say, tell you that I thank you
'Coz when the world said I couldn't do
You made all my dreams come trueI like him, he's good to me
I love him unconditionally, mad love
I like him 'coz he took me
I love him unconditionally, mad loveI'm in love with you, head over heels in love with you
I'm in love with you, head over heels in love with you
I'm in love with you, head over heels in love with you
I'm in love with you, head over heels in love with youI like him, he's good to me
I love him unconditionally, mad love
I like him 'coz he took me
I love him unconditionally, mad loveI like him, he's good to me
I love him unconditionally, mad love
I like him 'coz he took me
I love him unconditionally, mad loveI like him, he's good to me
I love him unconditionally, mad love
I like him 'coz he took me
I love him unconditionally, mad loveI like him, he's good to me
I love him unconditionally, mad love
I like him 'coz he took me
I love him unconditionally, mad love

I like him
