

# I'll Be Your Shelter

Taylor Dayne

When there's clouds hangin' in the sky  
And they're just not lettin' any light in  
And you feel like you'd like to give in  
Don't you give up so soon What you need is a friend to count on  
What you got baby you got someone  
Who will stay when the rain is fallin'  
An' won't let it fall on you I'll see you through, I'll cover you  
With a love so deep and warm and true  
I will be there Honey I'll be your shelter  
I'll be the one to take you through the night  
Whenever you need shelter  
I'll make everything alright, make everything alright Na na na na na na  
Na na na na na na  
Na na na na na na  
Na, na, na  
Na, na, na I got arms strong enough to hold you  
Get you through anything you go through  
Anything that you need you know  
It's only a touch away When your heart needs a heart beside it  
Should be mine that's it's keeping time with  
'Coz I got so much love inside  
It beats for you every day I'll be the one to give you love  
When it seems like there's just not enough  
Mine will be there Honey I'll be your shelter  
I'll be the one to take you through the night  
Whenever you need shelter  
I'll make everything alright, make everything alright Na na na na na na  
Na na na na na na  
Na na na na na na  
Na, na, na  
Na, na, na Na na na na na na  
Na na na na na na  
Na na na na na na  
Na, na, na  
Na, na, na I'll be your shelter  
I'll be your shelter, baby I'll see you through, I'll cover you  
With a love so deep and warm and true  
I will be there Honey I'll be your shelter  
I'll be the one to take you through the night

Whenever you need shelter  
I'll make everything alright, make everything alright And I'll be your shelter  
I'll be the one to take you through the night  
Whenever you need shelter  
I'll make everything alright, make everything alright Na na na na na na  
Na na na na na na  
Na na na na na na  
Na, na, na  
Na, na, na
