

# Love Luxury

## Duo Mecanico

You, you always comin' in and out my door  
You dickin' your time and come and beg for more  
You, you, you, you behave a little strange my boy  
You, love's whatcha you bringin' in and out my door Love was like a luxury I had before  
Love was like a feeling I could trust before  
As caught in beetwen of what was right or wrong  
They say what don't kill you is bound to make you strong  
Love was like a dream I woke up from before Love, love, love  
(Luxury, your love is luxury, your love is luxury for a girl like me) You, you beggin' to come in and out my door  
You make up your mind or there ain't go be no more  
You, you, you, you don't play with me like i'm toy  
You stand up and be a man not just a boy Love, love, love  
(Luxury, your love is luxury, your love is luxury for a girl like me) Love was like a luxury I had before  
Love was like a feeling I could trust before  
As caught in beetwen of what was right or wrong  
They say what don't kill you is bound to make you strong  
But love was like a dream I woke up from before Talking 'bout Love, love, love  
Luxury, your love is luxury, your love is luxury for a girl like me
