

Surfers Rule

Beach Boys

It's a genuine fact that the surfers rule
(Surfers rule, surfers rule)

Becoming just as common as a golden rule, now
(Surfers rule, surfers rule)

Take it or leave it but you better believe it, surfers rule
(Surfers rule, surfers rule)

Just try to make them cool it and they'll never yield, now
(Surfers rule, surfers rule)

Take what you've heard, now and go pass the word now

Surfers rule
It's a genuine fact that the surfers rule
A woody full of surfers pullin' long side a wagon
(Surfers rule, surfers rule)

The hodaddies sittin' while the surfers are draggin'
The surfers are winnin' and they say as they're grinnin'
Surfers rule
Surfers rule

(Four seasons, you better believe it)

Surfers rule

(Four seasons, you better believe it)

Surfers rule

(Four seasons, you better believe it) Surfers rule

(Four seasons, you better believe it)

Surfers rule

(Four seasons, you better believe it)
