

On My Own

Ross Lynch

(VERSE 1)

It almost feels like it was just a dream
All these memories of you and me
Blown away in the summer breeze
It almost feels like we just never were
All the time we spent was just a blur
Now it's just me and the melody(PRE-CHORUS)
So what am I supposed to do?
Cause all these plans we made in the sand are through(CHORUS)
Without you, I'm on my own
Am I gonna be alone?
And if it's only me, myself, and I, will I be fine?
So far from home
And I just don't know
Am I gonna make it? Brave enough to take this road

Out on my own(VERSE 2)

Looking in the mirror, it's hard to see
All these choices that I'm caught between
Who I should or who I wanna be
I wanna send in, take this wave
And ride it into a brighter day
I wanna take a chance and a better me(PRE-CHORUS)
I think that I know what to do
I got all these plans; I'm a one man band, it's true
Now I can't lose(CHORUS)
Out on my own
Never gonna be alone
As long as I've got me, myself, and I, I'm doing fine
So far from home
And I just don't know
Am I gonna make it? Brave enough to take this road

Out on my ownOut on my own

Out on my own(BRIDGE)

And maybe I'm falling on my face
Or maybe I'm landing in my place
And maybe we're a million miles apart
Or maybe we're standing heart to heart, but
No matter what, I'm walking right off this stage
And never looking back, looking back again today

No way, no way
I'm on my own(CHORUS)
I'm on my own
Never gonna be alone
As long as I've got me, myself, and I, I'm doing fine
So far from home
But now I know that I am gonna make it
Brave enough to take this road
Out on my ownOut on my own
Out on my own(OUTRO)
It almost feels like it was just a dream
All these memories of you and me
