Heathen Child (Andrew Weatherall Remix)

Grinderman

Hey little momo
Light as a rainbow,
Heavy as an asteroid
Crashed in the bathtubYeah, sitting in the bathtub
Hair full of her fingers
Hair full of her fingersYeah, sitting in the bathtub
Says, "I'm scared and lonely"
Sweet little momo says,
"I'm scared and lonely"Here come the wolfman
Hey little momo
Saying, "hey little momo"
Saying, "hey little momo"
Sitting in the bathtubMy heathen child
She's a heathen child
Yeah, she's a heathen child
Yeah, she's a real wild childShe got a little powder
She got a little gun
She got a little poison
Got a little gun
Sitting in the bathtub
Sucking her thumbSays, "I don't care about Buddha
[Don't] care about Krishna
Don't care about Allah
Don't care about anything"
Just sitting in the bathtub,
Sucking her thumb...Cuz, she's a heathen child
Yeah, she's a heathen child
Now, she's a heathen child
Yeah, she's a real wild child[yeah... yeah, come on baby]Oh, poor little momo
Yeah, paddled and rowed (?)
She's got a little powder
Got a little gun
Sitting in the bathtub
Having some funShe was raised by beasts
and grabbed by vultures
Oh, here come the wolfman
The abominable snowman
Got a little poison
Got a little gun

Sitting in her bathtub
Waiting for the wolfman to comeYou think your great big husband will protect you, you are wrong
You think your little wife will protect you, you are wrong
You think your children will protect you, you are wrong
You think your government will protect you, you are wrongShe don't care about Allah
She is the Allah
Don't care about Buddha
She is the BuddhaCoz, she's a heathen child
Yeah, she's a heathen child
She's a heathen child
She's a heathen child[Yeah, someone left the bathtub running
someone left the bathtub running]
