

# It's In the Way You Are

**Julienne Taylor**

I can look you in the eye  
Speak nothin' but the truth  
Abandon all regrets  
There's no one here but me and you  
I've been waitin' for this moment  
And how our spirits could run freeIt's in the way you are  
It's in the things you do  
The love that's in my heart  
Belongs to youIt's in the way you are  
You know it's not untrue  
You make it all worth while  
And that is why I love youThe way you make me feel  
You know there is no other place  
Nowhere, I would rather be  
Than in your sweet embrace  
I've been dreamin' of this moment  
And how our love will set us freeIt's in the way you are  
It's in the things you do  
The love that's in my heart  
Belongs to youIt's in the way you are  
You know it's not untrue  
You make it all worth while  
And that is why I love you  
Deep down inside  
You and IIt's in the way you are  
It's in the things you do  
The love that's in my heart  
Belongs to youIt's in the way you are  
You know it's not untrue  
You make it all worth while  
And that is why I love you
