

# Get On The Snake

## Soundgarden

Lyrics by chris cornell

Music by kim thayil

Get on the snake

With a swarm of motor flys

Get on the snake

Under the cola colored sky

Don't worry, everything's clean

Road worthy, hungry and mean

Get on the snake

Where the metal river bleeds

Get on the snake

Where you never will believe

Hey baby, what's your disease

My hearts bleeding

I'm dying to leave

Get on the snake

Where the water turns to steam

Get on the snake

With a suicide machine

Don't worry, everything's clean

Road worthy, hungry and mean

Hungry and mean...

Hungry and mean...
