

R. U. Ready 2 Rock

Blue Oyster Cult

Come on, come on
Through the stations of night
Come on, come on
Everybody's waiting
Come on, come on
With the signal in sight
Come on, come on
There's a new tune playing
Are you ready to rock? Yes, I am
Are you ready to rock? Yes, I am
Are you ready to rock? I am
Who will rock with you?
Oh, woman with you
Come on, come on
To the cities of night
Come on, come on
Everybody's playing
Come on, come on
With the wonder of lights
Come on, come on
There's a new day breaking
Are you ready to rock? Yes, I am
Are you ready to rock? Yes, I am
Are you ready to rock? Oh, yeah
Who will rock with you?
Oh, woman with you
I ain't gonna catch those countdown blues
I ain't gonna catch those countdown blues
I ain't gonna catch those countdown blues
I only live to be born again
(I only live to be born again)
I only live to be born again

(I only live to be born again)
Are you ready to rock? Yes, I am
Are you ready to rock? Yes, I am
Are you ready to rock? Oh, yeah
Who will rock with you?
Oh, woman with you

I ain't gonna catch those countdown blues
I ain't gonna catch those countdown blues
I ain't gonna catch those countdown blues
I only live to be born again
(I only live to be born again)
I only live to be born again
(I only live to be born again)
Are you ready to rock? Yes, I am
Are you ready to rock? Yes, I am
Are you ready to rock? Oh, yeah
Who will rock with you?
(I know now)
Who will rock with you?
(I see somebody)
Who will rock with you?
(Somebody like you)
Who will rock with you?
Yeah, well, I'm ready, I'm really ready now
(Ready to rock with you)
Well, I'm ready now, ready now, ready now, ready
(Ready to rock)
With you, you, you, you, you, oh yeah
(Ready to rock)
Yeah, well I'm ready, I'm really ready now
(Ready to rock)
