

Waiting for Me

Vince Viano

I have lived my life the best I can Knowing that youâ€™ll have a place for me
With all the bad times Iâ€™ve been through
I believed in You So Faithfully
Now I know if I should go away When Iâ€™m near the end there is nothing I should fear
Even though I will be gone my life will go on
Cause I know that you are there
Waiting for me, just waiting for me When my time on earth is done
I now that You will be the one
Waiting For me, just waiting there
Itâ€™s you that gives me strength to carry on
When Iâ€™m alone
You, you give me everything I need When all I need is knowing that you care
So when my nal days are through My faith will stay true
Cause I know that you are there
Waiting For me, just waiting there
Itâ€™s you that gives me strength to carry on
And on the way to you, I see your light burn like a re
Iâ€™ll walk right through the gates, now Heaven is my one desire
To You all the power and the glory is forever more
Waiting for me, just waiting for me When my time on earth is done
I now that You will be the one Waiting For me, just waiting there
Itâ€™s you that gives me strength to carry on
Waiting for me, just waiting for me When my time on earth is done
I now that You will be the one Waiting For me, just waiting there
Itâ€™s you that gives me strength to carry on
Oh when Iâ€™m Gone
