

Your Boyfriend's Girlfriend

Pale Spectres

Don't be shy
And look me in the eyes
For I have things to say
You're far, far away
From me and all I am
But I am who I am I might be wrong
But I can't deny it
And I'm in love
Yes, I'm in love
With your boyfriend's girlfriend Don't run away
And listen to me now
I can't hide any more
You're all, all I want
But wanting is one thing
And getting's another It must be wrong
But you can't ignore it
And I'm in love
Oh, I'm in love
With your boyfriend's
With your boyfriend's
With your boyfriend's
With your boyfriend's girlfriend Don't be shy
And look me in the eyes
For I have things to say
You're far, far away
From me and all I am
But I am who I am I might be wrong
But I can't deny it
And I'm in love
Yes, I'm in love
With your boyfriend's girlfriend
