

# Hands Of Time

## Slightly Stoopid

[Incomprehensible] You know them people be strugglin' every day  
You got to get up, get out and move your body line today  
Say listen to me people said I've got to tell you something true  
And don't be falsified by what others want you to do It took forever just to chase you  
It took a second to replace you  
But I will not bother and disgrace you  
And send you to the judge and let him case you Her time has left you behind  
Time won't let you be mine  
Maintain me soul and me say maintain me mind  
Time is the master and the master is time Yes, these are the hands of time  
Yes, these are the hands of time Deceiver [Incomprehensible] and this will leave her Yes, these are the hands of  
time  
Yes, these are the hands of time  
Yes, and you will melt in this time The time hasn't left you, you say so far behind Yes, these are the hands of time  
Yes, these are the hands of time  
Yes, these are the hands of time
