Wear Me Out

Jesse Winchester

Well, I'm up in the mornin'
Scratchin' and yawnin'
My baby loves me all night long
You know how to please me
But please take it easy
'Cause you know I'm not that strongI'm workin' and workin' and workin' and workin'
I want to scream, I want to shout
I'm huffin' and puffin', I can't stop for nothin'
Ooh, you 'bout to wear me outMy friend's gettin' bigger
But I keep my figure
I guess I get my exercise
But let's take a breather
I don't want to see the
Circles underneath my eyesI'm workin' and workin' and workin' and workin'
I want to scream, I want to shout
I'm huffin' and puffin', I can't stop for nothin'
Ooh, you 'bout to wear me outLet me tell you, darlin'
All I want to say
I don't want your lovin'
Any other wayI'm workin and workin and workin' and workin'
And workin', workin', workin', workin'
Workin', workin', workin', workin', yeahWell, I got me a gold mine
I work on my own time
But this job is killin' me
It's a love filling station
I don't want no vacation
I'm gonna fill her up for freeI'm workin' and workin' and workin' and workin'
I want to scream, I want to shout
I'm huffin' and puffin', I can't stop for nothin'
Ooh, you 'bout to wear me outI'm workin' and workin' and workin' and workin'
I want to scream, I want to shout
I'm huffin' and puffin', I can't stop for nothin'
Ooh, you 'bout to wear me out
