

Got to Get Another Girl

Eddie Money

I give her everything
I bought her diamond rings I give her everything
I bought her diamond rings
But she just begs for more
'Cause I'm a candy store I rock both day and night
I'm a rock-and-roller, ooh
But with this girl I got
I can't control her Gotta be the President at the Bank of England, oh
I've got to, got to get another girl
Got to, got to get another girl
I've got to, got to get another girl
I've got to, I've really got to get another girl Right now I give her everything, now
I bought her diamond rings
But she just begs for more
I'm a candy store I rock both day and night
I'm a rock-and-roller
But with this girl I got, now
I can't control her Gotta be the President of the Bank of England, oh
I've got to, got to get another girl
I've got to, got to get another girl
I've got to, got to get another girl
