Chase the Light

Glad You Came

Du du du du
Du du du du oh
Du du du du
Du du du duMy lame jokes are worn out
Shes heard them all before
Were not at the point where silence is comfortable so she
whistles as she crosses the floorDu du du du
Du du du duLets cut the power and chase the light
Split a kiss, from left to right
I dont care about what we do
As long as its me and youDu du du du
Du du du duBack at her place
Shes kicked my ass in cards 20 times in a row
And its not getting late
She whistles as she crosses the floorDu du du du
Du du du duShe sneaks up to me and saysLets cut the power and chase the light
Split a kiss, from left to right
I dont care about what we do
As long as its me and youWere not afraid of the dark
So we kiss with our eyes closedLets cut the power and chase the light
Split a kiss, from left to right
I dont care about what we do
As long as its me - ohLets cut the power and chase the light
Split a kiss, from left to right
I dont care about what we do
As long as its me and youDu du du du
Du du du du oh
Du du du du
Du du du du
