No More Runnin

Animal Collective

No more runnin' says my mind
All this movement has just proved your kisses are too fine
All the harmony that I'd seen
Friends I once had turn their thoughts away from me
No more runnin', I've got to breathe
On back porches with the torch of a firefly lit tree
It's what I've hoped for
It's what I've hoped for
No more runnin'
No more runnin'
Well, lock my bones and trip my feet
Tell them find a place to be
Stick like candy in your teeth
Will you lose your faith in me?
No more runnin' says my mind
All this movement has just proved your kisses are too fine
It's what I've hoped for
It's what I've hoped for
No more runnin'
No more runnin'
No more runnin'
No more runnin'
