Into The Sun

[Lifehouse](#)

It's been a while since you last saw me
One breaks down and the other ones fade
These eyes can see the days break
Too late for the other's mistakesSit down laugh thinking what have we done
Let me inside
Is it all over before it's begun
Please give me some time'Cause we are running into the sun
Getting close to something into the sun
You know that we're falling
We're falling back into the sunI never meant to let you go
Why did I leave maybe we'll never know
But I'm a man now broken on the ground
And I'm in need and I think that it showsAll this time we're going nowhere and we know it
I was so blind
All the lights are leading to where you're going
I'm not far behindAnd now we're running into the sun
Getting close to something into the sun
You know that we're falling
We're falling back into the sunInto the sun
Into the sun
Into the sunYou know that we're running into the sun
Getting close to something into the sun
You know that we're falling
We're falling back into the sunInto the sun
Into the sun
Into the sun
