Spiritual House

Kmfdm

Really shake your body against the brain
In a spiritual house tune in today
Best after dark in a spiritual house
That's my sweetheart in a spiritual house
We only have a silent voice
(In a spiritual house)
Emotions and no reasons
(In a spiritual house)
Are you gonna have you a brother?
Are you gonna have you a brother?
Are you gonna have you a brother?
Are you gonna have you a brother?
Much like wittle bunny rabbits
Much like wittle bunny rabbits
In a spiritual house, in a spiritual house
In a spiritual house, in a spiritual house
In a spiritual house, in a spiritual house
Beyond success and failure
Watch your TV all night
Watch your TV all night
In a spiritual house
The more tears you shed
In a spiritual house
Being boring, being boring
Spiritual house
In a spiritual house
Are you gonna have you a brother?
Are you gonna have you a brother?
Are you gonna have you a brother?
Are you gonna have you a brother?

Much like wittle bunny rabbits
Much like wittle bunny rabbits
In a spiritual house
[Foreign content]Are you gonna have you a brother?
Are you gonna have you a brother?
Are you gonna have you a brother?
In a spiritual house
Are you gonna have you a brother?

In a spiritual house
Spiritual house
In a spiritual house
Spiritual house
In a spiritual house
Are you gonna have you a brother?
In a spiritual house
Are you gonna have you a brother?
In a spiritual house
Are you gonna have you a brother?
In a spiritual house
Are you gonna have you a brother?
In a spiritual house
Much like wittle bunny rabbits
Much like wittle bunny rabbits
In a spiritual house, in a spiritual house
In a spiritual house, in a spiritual house
Spiritual house, spiritual house
In a spiritual house
Spiritual house, spiritual house
