

# Museum of Clouds

**Fran Palermo**

Don't know what settles down in a small cloud,  
Drops of water fly high above 2x  
And i wonder, if they take my tears up to the clouds 3x

Where's the key  
that frees the rain  
and starts the flood  
from the museum of clouds.

Where they, where they gonna fall?

Here's the key  
that frees the rain  
and starts the flood  
from the museum of clouds.
