

# You Got Me All Wrong

## Dios Malos

You got me all wrong  
You left me under water  
To tumble and fall  
So many years ago You got me all wrong  
You got me all wrong  
You got me all wrong  
You got me all wrong You got me all wrong  
You wandered away  
Without which I am nothing  
Much more than I can say You got me all wrong  
You got me all wrong  
You got me all wrong  
You got me all wrong
