

# Slip Away

## Mother Mother

What to do, when you've got too much bravado  
And you're feeling like an Idol  
For a million little assholes

Where to go when youâ€™ve gone the extra mile  
in running off your pie hole  
in the company of good folk

Slip away, yeah  
Slip away, yeah  
Oooohhh

How to feel when you orchestrate a big deal  
Something of an ordeal  
But you just donâ€™t have it in you

What to think when you thought you were a machine  
But then suddenly youâ€™re sealing  
Just like all the other earthlings

Slip away, yeah  
Slip away yeah  
Oooooh

How to behave in this place  
Tell me how to exist admist the ladies  
And the babies am I crazy for requesting that I be made an exception to the rules

Well instead of asking you, I will

Slip away yeahhh  
Slip away, yeahhhh  
Ooooohhh

Oh, oh, oh, oh,

What to do when youâ€™ve got to much bravado  
And youâ€™re feeling like an idol  
For a million little assholes
