Rule Breaker

Ashlee Simpson

Um, excuse me, but uh is, is this thing on?
I've got a boyfriend, he likes to fight a lot
We got a lot of common and he thinks I *** rock
We like to break rules, both got tattoos
We tend to smash things and we like to scream like
Ahh, you don't want no problems, you ain't got no beef
Ahh, you don't want no problems, you don't want no beef
I don't wanna fight tonight, hey, hey
But I ain't going home for no one
I don't wanna fight tonight, hey, hey
But I ain't going home for no one
I just wanna color outside the lines
I've been reprimanded 'bout a thousand times
I'm a rulebreaker
You know that I'm a rulebreaker
S-s-some say I'm a black sheep 'cuz I like to sleep late
Wake up 'round 3 o'clock drinking till my tummy ache
Feels like I'm a rebel 'cuz I keep making trouble
Get here on the double 'fore I break a little something like
Ahh, y-y-you don't want no problems, you ain't got no beef, no
Ahh, you better keep quiet if you want your teeth
I don't wanna fight tonight, hey, hey
But I ain't going home for no one
I don't wanna fight tonight, hey, hey

But I ain't going home for no one
I just wanna color outside the lines
I've been reprimanded 'bout a thousand times
I'm a rulebreaker
You know that I'm a rulebreaker
I know you are but what am I
I'm daddy's little girl, bundle of kisses
I'm just a princess, little Miss Perfect
Everyone knows it but that's another day
There's rules to break, yeah
I don't wanna fight tonight, hey, hey
But I ain't going home for no one
I don't wanna fight tonight, hey, hey
But I ain't going home for no one

I don't wanna fight tonight, hey, hey
But I ain't going home for no one
I don't wanna fight tonight, hey, hey
But I ain't going home for no one
I know the grass is greener on the other side
Y-y-you don't want no problems, you ain't got no beef
I know they tell you that you've got this pretty face
Y-y-you don't want no problems, you ain't got no beef
You ***, why'd you stop the music?
