

Abandoned (Immune Album Version)

Soul Embraced

In the dark of night
In my dreams I go to hide
All I've known of this life
Is all the pain I have inside
Helpless agents the reality
You're crated for me
I have no choice
This is all I'll ever be, I'll ever be
A child without a real home
Afraid to be alone
This sickness that you spread
Like cancer
Kills any home I have
Longing for a change
Just like you I became the man
I hated to be, the man I'll always be
