I'm in the city in the block, they're running from the cops  
Oh, I forgot, they are the cops  
Don't. blood, these lil bastards owe me publishing,  
exploiting all the...to my pain and my suffering  
See before, Alice in Wonderland  
Son, I'm surprised you run with them, I gotta punish them!  
For every night I spend in the cell without no  
No... all the... that I berried  
All the wars that I fought, all the caskets that I carried  
Is it worth... is it in the cemetery?  
Cheers, too much blood on this life  
Too much pain, too much scars for these creeps come along  
They. in the zone, all the pain, all the loss  
Don't talk about it if you ain't one of us  
Yeah, I'm the real Amy Hoover  
These lil bastards is J Edgar Hoover  
Nobody loves me, I don't give up  
All I got is this money, and it's enough!  
I'm in the city of black  
It's a cold war, blood, things is rough  
Light a match, let the money burn, heat it up!  
I'm in the city of black  
Nobody loves me, I don't give a  
All I got is money, and it's enough!  
It's a cold war, blood, things is rough  
Light a match, let the money burn, heat it up! I'm . the Supreme, I'm Larry Davis, Michael Conception,  
I'm the greatest these rap dudes need to stop busting up these claimer  
Listen to the. man, that's my life, man that played you  
Young and dangerous at the cages  
Holly David, my name isn't gossiped in ages  
So false, you think I play for the... you both screaming  
Am I a .the sports drugs in the taming  
Against the all while the... burns the Jason.  
So I ... when they see me, they see God face  
Far away, momma where I need to be?  
But I promise I'mma change momma, please believe in me!  
Shining. for real Larry Hoover, they're Larry and more  
Nobody loves me, I don't give up  
Hold that dad, it's money, and it's enough

It's a cold world, blood, things it's rough  
Light a match, let the money burn, heat it up!  
Nobody loves me, I don't give a  
All I get is money, and it's enough!  
It's a cold world, blood, things is rough  
Light a match, let the money burn, heat it up!  
Nobody loves me, I don't give a  
All I get is money, and it's enough!  
It's a cold world, blood, things is rough  
Light a match, let the money burn, heat it up!  
I'm about to. I'm young Malcolm  
Martin Luther with a... tell me where they found him!  
This ain't the album, this thing a...  
For the people in the section... housing  
I'm in the class but myself, federal detention, tried to beat the double life sentence  
This is not a preference, I was young and reckless,  
never had an option, it's the only choice I'm left with  
If you got a death wish, I'll be so...  
You were just a canvas stick, the sun is shining  
You think this is a joke, you're the only one you're smiling  
Blood was .on the sidewalk, just so I remind it  
I run New York, even from an island  
Flex got the bomb at me  
The dope is mine, lil bastards, fall back!
