Soul Power (re-edit)

James Brown

Know we need it, soul power
We got to have it, soul power
Know we want it, soul power
Got to have it, soul power
Give it to me, soul power
We need it, soul power, we need it, soul power
We got to have it, soul powerI want to get under your skin
If I get there, I've got to win
You need some soul, come on get some
And then you'll know, where I'm comin' from
I may lay in the cut and go along
And I'm still on the case and my rap is strong
Huh huh, hey
Go jump on my train, when I'm outta sight
Just check yourself, huh, and say, yeah you're right
Huh, hit me, give me, put it there, huh
Love me tender, and love me slow
If that don't get it, jump back for more
We gotta gotta gotta, get in the bracket
You know I like it, heyHuh, look here, you gotta get in the bracket
You know I like it, all right, look in here, all right
Don't fall on the ground, you've got to get down
Down down down downHuh, huh, good god
I've got to ask you what we need, soul power
What we want, soul power
Got to have, soul powerWhat we want, soul power
Got to have, soul power
What we want, soul power
Got to have, soul powerHey, hey
I think we got to go to the bridge
Can we go to the bridge now
Can we go, one more time, the bridge, hit meLove me tender, love me slow
If that don't get it, jump back for more
Love me tender, love me slow
If that don't get it, jump back for more
Get in the bracket, you know I like itWell, I wanna get under your skin
And when I get there, I got to win
I need some coal, you need some soul
You had some soul, come on then and get some

And then you'll know where I'm comin' from
What we need, soul power, what we want, soul power
What we need, soul power, what we need, soul power
Don't fall on the ground, we got to get down
Down down down downTell me what we need, what we need, soul power
What we want, soul power, what we need, soul power
What we want, soul power, what we need, soul power
What we want, soul powerCan you feel it, soul power
You got to feel it, soul power
Got to feel it, soul power, got to feel it, soul power
We gotta, gotta gotta gotta
You gotta feel it, soul power
Hey, don't fall on the ground
You've got to get down, down down down
Feel so good, brother
I want to go to the bridge once more again
Me too, will you take me on, brother, yeah
I need help, I can't do it alone
Me too, they tell me, if you don't work you can't eat
Hey, you're ready Marty, brother
Yeah, can we do it to the bridge
Hey, hit me, all right
Love me tender, love me slow
If that don't get it, jump back for more
Say it again
If that don't get it, jump back for moreWhat we want, soul power, say it again, soul power
What we need, soul power, I say love me tender, love me slow
If that don't get it, jump back for more
Huh, say it again, if that don't get it, jump back for more
Brother, if you fall on the ground
Remember you've got to get down, down down down
Huh, say it again, say it
If that don't get it, jump back for more
Huh, come on, if that don't get it, jump back for moreThat's what it's all about, soul power
Is that what you call itWhat we need, soul power, what we want, soul power
What we need, soul power, what we want, soul power
I think I'll talk to that young girl sittin' up there
I wanna tell her something, all rightLove me tender, love me slow
If that don't get it, jump back for more
What, what you're sayin'
If that don't get it, jump back for more
I don't think they heard you, what you're sayin'
If that don't get it, jump back for more
What, huh, tell her, huh, you heard him
If that don't get it, jump back for more

You, you little thing
If that don't get it, jump back for more
If that don't, whoa
