

Not Over Yet

Grace

Ooh, I'll live for you, I'd die for you
Do what you want me to
I'll cry for you my tears will show
That I can't let you go It's not over, not over, not over, not over yet
You still want me, don't you
It's not over, not over, not over, not over yet
'Cos I can see through you
It's not over, not over, not over, not over yet Don't let me down
Don't make a sound
Don't throw it all away
Remember me so tenderly
Don't let it slip away It's not over, not over, not over, not over yet
You still want me, don't you
It's not over, not over, not over, not over yet
'Cos I can see through you
It's not over, not over, not over, not over yet
Ooh yeah I'll live for you, I'd die for you
Do what you want me to
I'll cry for you my tears will show
That I can't let you go It's not over, not over, not over, not over yet
You still want me, don't you
It's not over, not over, not over, not over yet
'Cos I can see through you It's not over, not over, not over, not over yet
You still want me, don't you
It's not over, not over, not over, not over yet
'Cos I can see through you
(Yeah)
