

# Waiting for the Bus

## Violent Femmes

We got the mother and the kids  
We got the guy and his date  
We all get mad  
We all get laid Looks like somebody forgot about us  
Standin' on the corner  
Waitin' for a bus Say, "Hey Mister Driver Man  
Don't be slow  
'Cause I got somewhere I got to go" Say, "Hey Mister Driver Man  
Drive that thing fast  
My precious time keep slippin' past" Let's call the mayor, let's complain  
Looks like the city's done to us again  
Tied up in traffic, what do you know?  
The damn city bus moves so slow I said, "Hey Mister Driver Now Man  
Don't be slow  
'Cause I got somewhere I got to go" Say, "Hey Mister Driver Man  
Drive that thing fast  
My precious time keep slippin' past" { Young man your transfer's expired  
Would you please pay a full fare?  
I just got this transfer  
Hey can you open up the back door?  
Either you pay your 65 cents  
Or you'll have to leave the bus  
You got to be kidding me, I just got it  
Would you please open up the back door? } We got the mother and the kids  
We got the guy and his date  
We all get mad  
We all get laid Looks like somebody forgot about us  
Standin' on the corner  
Waitin' for a bus Say, "Hey Mister Driver Man  
Don't be slow  
'Cause I got somewhere I got to go" Say, "Hey Mister Driver Man  
Drive that thing fast  
My precious time keep slippin' past"
