

Human

Anton Ewald

Take it off
Take it off every little square inch
Whatever you wearing
Turn me on
You turn me on
And i've got a feeling
You feeling the same as I
Girl you got me all night
Where you wanna go right now
We could just ride
Runnin' all the red lights
Do what's in our natura now, cuz

We are who we are
Yeah we are nothing but
No nothing but
We are who we are
Yeah we are
Nothing but human
Ooooooooooh (3x)
Nothing but
Nothing but human
Ooooooooooh (3x)
Nothing but
Nothing but human

Baby I
Baby I love the way you play me in the right melody
Take your time
All the time
I know when you hold me
You feeling the same as I
Girl you got me all night
Where you wanna go right now
We could just ride
Runnin' all the red lights
Do what's in our natura now, cuz

We are who we are

Yeah we are nothing but
No nothing but
We are who we are
Yeah we are
Nothing but human
Ooooooooooh (3x)
Nothing but
Nothing but human
Ooooooooooh (3x)
Nothing but
Nothing but human

Power down
Power down
We could shut the world
shut the world outside
off the ground
off the ground
meet me in the sky
in the sky tonight
meet me in the sky
in the sky tonight

We are who we are
Yeah we are nothing but
No nothing but
We are who we are
Yeah we are
Nothing but human
Ooooooooooh (3x)
Nothing but
Nothing but human
Ooooooooooh (3x)
Nothing but
Nothing but human
Ooooooooooh (5x)
nothing but
nothing but human
