It Feels

NERVO

World moves quickly
When you're with me
Hearts give lasting
Once we startedNothing's gonna change the way
That it feels 'cause I'm falling in love again
Nothing's gonna change the way
That it feelsSaid nothing's gonna change the way
That it feels 'cause I'm falling in love again
Nothing's gonna change the way
That it feelsStars come closer
Winter leaves us
Spring time greets usNothing's gonna change the way
That it feels 'cause I'm falling in love again
Nothing's gonna change the way
That it feelsSaid nothing's gonna change the way
That it feels 'cause I'm falling in love again
Nothing's gonna change the way
That it feels'Cause it feels good, it feels good
So tell me it is real, it is real, when we go
'Cause nothing it's as real, when I'm with you
So tell me it is real, it is real, when we go
