All My Life (feat. Nichole)

MC Magic

Tell me can I talk to you
Girl where do you come from
Ive been looking for you
All of my lifeEven though I barely know you boy
I think maybe tonights the night
Cause ive been looking for your love
All of my lifeIts two o'clock in the morning
And im still wide awake
Writtin letters to you girl but
I threw them all away
Because I
I wanna show what i feel for ya but
These words and this paper
Just aint good enough for ya
How can i prove to ya that girl
You live inside my mind and
I can see your pretty face everytime i close my eyes
Something about the way we meet
The day we meet i cant forget
I played this song again and again and i
I tell myself that one day
You gonna be my special queen
Convince myself you feel the same way for me and
Even though we just meet
It feels so right
This is going down tonight
Girl i can tell the way you feelin
Your smile is so revealin
That sparkle in your eyes
Got me knowin that your willin
To take a ride with somebody like me
Lets take a chance girl and
You could be my royalty, my loyalty
From this night until the very end
Its like a game we play
But everyone wins
Si tu fueras mi reina yo te regalaria todos mis dias momentos llenos de alegria
You got me feanin
For the taste

Of just one kiss
Im fantasing of what
Its like and i
Cant stop this
I think im goin crazy
So tell me can we talk pretty lady
Now ive been looking for this baby
Girl all of my life
The type of mamasita
Thats down for mine and
If you feel the same way
Let me know girl
Let me know mama c'monCause now ive been looking for this baby
Girl all of my life
The type of mamasita
Thats down for mine and
If you feel the same way
Let me know girl
Let me know mama c'mon
