We Versus The Shark

Gotta plan, got a plan
'Cause the day is long - and order makes them happyI know why they smile
Why they smile
YesYou might be three-piece suited for a three-course meal
But you might not be ready for how it
feels
D-d-d-down the road
You got one hot mortgage, you got two-point-five
Kids in the stable running wild
You're liable to explodeGotta play, gotta play
All day long - words will make you happy
Gotta play gotta play on that jungle gym
Words will make you happy happyI can slide down to this level
Slide down to this level
No
