Seal My Fate

32 Leaves

Seal my fate
Don't wash away
Disillusioned so why must you wonder
Here's a lie
Got no time on your own
So come needing help
Yeah I've climbed the cradle you've stole
My conscience compels me to say in vain
Seal my fate
Don't wash away
The more you take
Control of me
Distance makes the heart grow
Cold enough to wonder
So don't deny

Cause I'm not buying the world's show
I know you so well
Yeah I've heard the fables you've told
My conscience compels me to say in vain
Seal my fate
Don't wash away
The more you take
Control of me
Sleepless, scarred, and I got no alibi
Starved of your touch
Only you can heal me
Seal my fate
Don't wash away
The more you take
Control of me
